STATUS REPORT ON THE STUDENT WORKER PROGRAM

As of August 25, 2008, there were 867 Student Workers in the Student Worker, Student Professional Worker I, and Student Professional Worker II classifications throughout the 39 County departments. However, based on the student and department needs, the actual number of Student Workers varies daily. In response to your July 22, 2008 motion regarding the Student Worker Program, we have summarized below the current status information for each of the specific elements of your Board's instruction:

1. Develop a program manual (estimated timeframe 60 days).
 - The Department of Human Resources (DHR) will develop a manual that will outline the policies, procedures, and guidelines to be utilized by line department human resources staff and the Human Resources Analyst IV who is responsible for the coordination of the program.
2. Develop a policy definition of a "Student Worker" (**attachment 1**).
 - DHR has developed a proposed policy definition of a "Student Worker" as detailed in the attached class specifications (Student Worker, Student Professional Worker I, and Student Professional Worker II) and a proposed draft policy which will apply to all three classes.

"To Enrich Lives Through Effective And Caring Service"

*Please Conserve Paper – This Document and Copies are Two-Sided
Intra-County Correspondence Sent Electronically Only*

The definition for a Student Worker is:

- At least 16 years of age and currently enrolled in an accredited college, community college, or business college having academic standing equivalent to at least a freshman in college; or currently enrolled as a junior or senior in high school.

The definition for a Student Professional Worker I is:

- Currently enrolled in an accredited college having academic standing equivalent to sophomore, junior, or senior year.

The definition for a Student Professional Worker II is:

- Currently enrolled in an accredited graduate college or university program leading to a Masters or Doctorate Degree.

The following applies to all three classes:

- Works as a temporary, part-time employee (hourly as needed) without exceeding 40 hours per week; maintains a C or better; and, not to exceed six (6) years of continuous work.
- Performs duties in order to obtain valuable work experience while being encouraged to complete the student's educational goals.
- Strives to attain certification or a degree within six (6) years.

Departments should develop a plan for Student Workers, who have been employed for six (6) years or more, to vacate the Student Worker series and compete for other assignments for which they qualify, thereby making the series available to new students. Departments may request DHR to make an exception to the six-year maximum rule based on extraordinary circumstances, such as a student who started in high school and is now working on their graduate degree.

3. Devise a mechanism for ensuring that all Student Workers receive a baseline of extracurricular enhancement opportunities (estimated timeframe 180 days).
 - Departments will be responsible for using the Learning Management System to track what classes are available, and appropriate, for student workers, and the progress of each participant.
 - Each departmental human resources office will promote a DHR Web page to make available educational and extracurricular opportunities to students to enhance their professional, academic and personal growth.
4. Develop a proposal for activities that might include new employee orientation, seminars, workshops, and a mentoring program (estimated timeframe 120 days).
 - Each department will track and offer students learning activities that are offered for other new employees, to be held in each supervisorial district, as practical and as budget permits, including distance learning.
 - A "Survey of Interest" will be forwarded to all Student Workers to determine what type of extracurricular opportunities they would like to explore, including possibly observing other County operations, subject to resource availability.

- Include Student Worker opportunities on DHR's Transfer Opportunities Web site with specific guidelines for participation.
 - Explore the feasibility of having members from Management Council become mentors.
5. Explore the feasibility of partnerships for career development with local universities, the County's Learning Academy and/or the Management Council, including the establishment of a Certification Program (estimated timeframe 30 days).
- Explore expanding existing partnerships forged through the Community-Based Enterprise Education Program to promote and recruit Student Workers with local high schools, community colleges and four-year colleges/universities (**attachment 2**).
 - Encourage Student Workers to complete their education to enable them to access professional employment opportunities.
6. Create an outreach strategy to inform students and employees of the Student Worker Program, including the development of a Web site and/or brochure (completed but not yet live, estimated timeframe 45 days).
- An orientation packet will be provided by DHR to all departmental human resources offices to market the program. The packet will contain the Web site address; all resources/opportunities will be aggregated on that page to heighten the awareness of the potential careers these young people can pursue in the County of Los Angeles.
 - Develop a countywide campaign strategy to outreach to all County employees to act as ambassadors for prospective Student Workers about the program.
 - Develop a Web site, brochure, newsletter, Frequently Asked Questions (FAQs) and posters (**attachment 3**).
 - Produce an orientation utilizing a PowerPoint presentation that focuses on career development ladders.
 - Include the program in existing County publications, such as the County DIGEST, the HR Report and departmental newsletters (**attachment 4**).
7. Formulate a protocol for addressing Student Worker questions and concerns (draft/pending approval).
- Use the Web site and FAQs.
 - Address communication to both internal and external audiences.
 - Student Workers should take their questions and concerns to their immediate supervisor. However, DHR's Ombudsman is available to respond and assist in the settlement of any Student Worker issues.
 -
8. Produce Budget and Staffing descriptions (completed).
- A Human Resources Analyst IV is allocated (**attachment 5**).
 - Assistance from the Chief Executive Office Operations Cluster (including Workplace Programs), Employee Relations and Classification/Compensation, will be provided.
 - Support from human resources staff in line departments will also be essential.

9. Define a proposed long-term strategy to track and assess the retention levels of Student Workers (estimated timeframe 90 days).
 - Encourage Student Workers entering their sixth (6) year of employment, or within a semester or quarter of graduating, to contact the coordinator so that every effort can be made for future placement. Students must meet the minimum requirements for any job in which they are placed and compete in the appropriate exam process. There is no guarantee that students will be placed in any job. Placement depends on the needs of the service.
 - Utilize an "exit survey" and the County's automated system to identify which Student Workers have become permanent.

We have collected survey information from departments regarding the number of Student Workers, length of time employed, enrollment status, etc., and have compiled this information into a baseline to be used in future comparisons (**attachment 6**). Both departments are working closely to monitor departments to ensure that these objectives are carried out. In addition, the Chief Executive Office is bargaining with SEIU and some of these provisions may be subject to consultation or negotiations with the Union.

At the meeting of September 23, 2008, your Board requested additional data addressing health insurance for Student Workers. The health insurance information will be sent under separate cover as an addendum to this report. We have emailed health insurance survey questions to all departments. We are also contacting various schools, colleges and universities to determine what health insurance plans they offer or require for students.

As noted in the motion, we will report back to the Board on a quarterly basis for the first year with a progress report on implementation of the program and annual reports thereafter. DHR will also periodically audit departments to ensure compliance with the new Student Worker Program.

If you have any questions please contact me or Michael J. Henry or your staff may contact Sandra Wallace Blaydow at (213) 351-8945 or sblaydow@hr.lacounty.gov.

How to Apply for an Internship

- Qualified applicants are currently enrolled juniors, seniors or graduate students in good academic standing.
- To apply, please visit the C-BEEP internship opportunity database on the County's Department of Human Resources Web site at <http://dhr.lacounty.info/CBEEP.asp>
- Once you have identified 2-3 projects, email their corresponding project numbers in order of preference and a résumé to interns@hr.lacounty.gov.

While C-BEEP internships are unpaid, most internship experiences are rewarded with academic course credit through its partnering 21 universities. The County of Los Angeles and its more than 10 million residents benefit from the effort and enthusiasm of its C-BEEP volunteers, who, in turn, gain invaluable insight into civil service and are offered an opportunity to apply their skills in a "real" work environment.

INSTRUCTIONS FOR FILING AN APPLICATION FOR COUNTY EMPLOYMENT

- **Applications are accepted** for County examinations **only** when a bulletin is posted which announces that the examination is open and applications are being accepted.
- **The bulletin will state specifically where the application should be submitted.** For instance, in many cases, applications must be submitted directly to the personnel office of the department giving the examination or other designated offices stated on the bulletin. In some cases, the bulletin information may state that the application must be filed in person.
- Applicants should complete and submit the **County standard application**.
- There is usually a deadline date by which the application must be submitted. This means that the application **must be received in the designated office by the closing date, otherwise the application will be rejected as late.** A postmark date or dropping the application in the post office on the deadline date is not sufficient.
- Some bulletin announcements state that the examination will remain open **“until the needs of the department are met.”** Therefore, when a department determines that there are enough applications received, the department may close the examination immediately at the end of that business day and not accept any more applications. **There may not be any advance notice of the closing, so an applicant should file an application as soon as possible.**
- **Applicants should read carefully all the instructions** on the bulletin and on the Information Sheet attached to the application form. Additional information may be required including proof of degrees or licenses required for the position.

There are Different Kinds of County Examinations:

- **Open Competitive (OC)** – open for filing to all members of the public and County employees who meet the requirements for the position.
- **Interdepartmental Promotional (IP)** – open to permanent County employees who have completed their first probationary period.
- **Departmental Promotional (DP)** – open *only* to permanent County employees in a specified department who have completed their first probationary period.

“To Enrich Lives Through Effective And Caring Service”

"It is important for competitive purposes to complete an internship. I didn't fully understand the complexity of the Department of Health Services or the size of the County. Before C-BEEP, I thought only of private industry."

— C-BEEP Intern, Biology Major

Role of the Intern

Having accepted an internship opportunity, each intern is required to:

- Provide proof of enrollment as a junior, senior or graduate student in good academic standing at a partner college/university.
- Contact designated faculty members regarding the completion of necessary educational requirements to receive credit.
- Attend a mandatory C-BEEP orientation session with DHR prior to beginning the internship.
- Complete all DHR paperwork before starting the internship.
- Follow all County departmental policies and procedures.
- Notify the County department if ill or unable to work as scheduled.
- Complete a program evaluation at the time of the site visit.

For a complete listing of Internship opportunities, visit the DHR Web site at:

<http://dhr.lacounty.info>

and click on Internship Opportunities.

Role of the University

The role played by each university is determined by its administration. However, the following will generally apply:

- Inform and encourage faculty members to participate.
- Host a campus-wide internship fair.
- Assist in publicizing the program.

For an intern to receive academic credit, each university must determine the number of work hours required each week and in total.

Liability

Interns are considered volunteers and must complete DHR's "Intern Record" and "Intern Assignment Responsibilities" forms. These forms will qualify interns for "volunteer insurance."

For liability purposes, it is imperative that departments not allow students to begin their internships until after DHR's orientation session and all related paperwork has been submitted.

The County's Volunteer Insurance Program provides limited coverage should an incident occur during the course of performing assigned duties. Coverage includes medical expenses due to injury, death and dismemberment. Detailed information will be provided to each intern at the C-BEEP orientation session.

C-BEEP INTERNSHIPS

**Community-Based
Enterprise
Education
Program**

C-BEEP Internship Program

The County of Los Angeles' Community-Based Enterprise Education Program (C-BEEP) was unanimously adopted by the County's Board of Supervisors in 1996, and is administered by the County's Department of Human Resources, under the direction of Michael J. Henry. Qualified students are placed as interns in County departments to conduct research projects and perform job assignments.

The purpose of C-BEEP is threefold:

- to broaden a student's understanding of civil service and the role that local government plays in the betterment of community life;
- to prepare students to enter the workforce; and
- to afford County departments the opportunity to continue to provide quality service to the County's vast population.

C-BEEP is a unique program, combining volunteerism, education, job experience and government service. The County benefits from the work, enthusiasm and "fresh ideas" of students. Interns, who are the major benefactors of the program, gain insight into civil service and are offered an opportunity to apply their specific field of study in a "real" work environment, while earning college credits.

Universities have the opportunity to offer their students "on the job" training with a non-classroom assignment.

County of Los Angeles Department of Human Resources

The Department of Human Resources (DHR) administers C-BEEP and specifically:

- Serves as liaison between the County, universities and students.
- Attends career/internship fairs to recruit interns.
- Prescreens candidates to ensure their eligibility for C-BEEP.
- Maintains and updates a master file of County internship opportunities.
- Coordinates and notifies County departments of internship fairs.
- Tracks C-BEEP interns, using an internal database program.
- Conducts bi-weekly orientation sessions each semester/quarter.
- Conducts work site visits to gain feedback from students.
- Collects evaluation forms from program participants.
- Audits internship records to ensure compliance with program requirements.
- Monitors productivity gains, cost savings and/or enhanced County services.

"Students are able to learn how local government works, and in turn, the County benefits from their participation. C-BEEP is a unique opportunity for interns to gain meaningful work experience within their specific fields of study, which will make them more competitive in the workforce."

— Michael J. Henry
Director of Personnel
County of Los Angeles

County Departments

County departments agree to:

- Designate a departmental coordinator to serve as liaison with DHR.
- Attend career/internship fairs to recruit interns.
- Develop quality projects and assignments that afford meaningful work experience.
- Notify DHR of students who accept internships.
- Select, supervise and evaluate interns.
- Provide interns with office space, parking and equipment to perform their assignment.
- Notify their departmental volunteer coordinator of hours worked by interns.
- Provide copies of final work product to DHR.
- Complete intern evaluation forms provided by DHR at the semester's end.

MICHAEL J. HENRY
Director of Personnel

Established in 1994, the Department of Human Resources (DHR) fully embraces the County of Los Angeles Strategic Plan: "Our **purpose** is to improve the quality of life in Los Angeles County by providing responsive, efficient and high quality public services that promote the self-sufficiency, well-being and prosperity of individuals, families, businesses and communities."

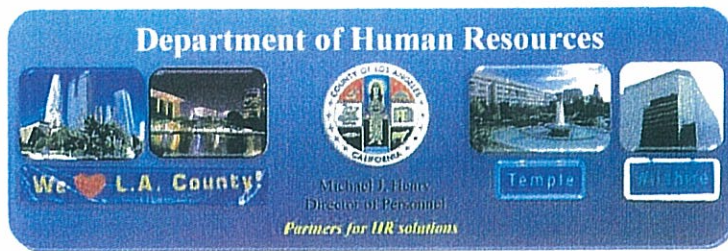

Our Web site serves as your on-line resource for employment opportunities in the County of Los Angeles. We are excited about the variety of on-line services and information currently available such as:

- [Detailed summaries of each division's operation within DHR](#)
- [The Learning Academy for career development and training](#)
- [Online job searching](#)
- [Executive positions and special recruitments](#)
- [Employment practice tests](#)
- [Internship opportunities for Veterans](#)
- [Internship opportunities for college/university students](#)
- [An Employee Benefits Web site and online annual enrollment](#)

A great feature to our Web site is the Job Interest Card that sends notices via e-mail when employment application filing begins for a specific position. When seeking a job that is not currently open for filing, jobseekers may search the County's database of classification specifications and fill out a Job Interest Card for each specification. Also, when searching for jobs, applicants have the option of filing for exams online, when available. Online applications are accessible for many of the jobs posted and have links within each job bulletin for filing online.

The Department of Human Resources offers many other valuable resources and services, and with the addition of new links, you will experience greater ease in maneuvering throughout the site. For additional information about DHR and the variety of other services available, please [click here](#).

We are dedicated to providing equal employment opportunities for all qualified people. Our objective is "To Enrich Lives Through Effective and Caring Service."

OMBUDSMAN/COMMUNITY LIAISON

The Ombudsman/Community Liaison Division serves as the communications center of the department, producing organizational brochures, flyers and materials of information. The Division serves as the face of the County at community job fairs throughout the five Districts of the Board of Supervisors. The Division is responsible for publishing the *County DIGEST*, the County's employee newsletter, and *The HR Report*, a human resources technical update for HR professionals. Through the Community-Based Enterprise Education Program (C-BEEP), the division places university students as volunteer interns within County departments. These interns receive college credit after completing specific projects, research or studies ordered by the Board of Supervisors. Funding has now been allocated for the development of the Crime Laboratory Internship Program at the new Hertzberg-Davis Forensic Science Center Crime Laboratory targeted for implementation in the near future. The Division also handles Countywide employee recognition programs, such as **LA COUNTY STARS!** and Public Employee Recognition Week. The Division administers a number of Board-ordered outreach programs that target the needs of local university students, youth that are released from the foster care system, students in general, and Veterans. The Division is responsible for addressing all questions and concerns which posted on the DHR Web site, as well as calls that come in to the general information telephone line. The Ombudsman also handles specially planned communications projects and individual complaints from County employees on personnel matters.

Student Worker Program -- Get Involved!

The purpose of the Student Worker program is to give eligible students the opportunity to obtain valuable work experience while encouraging them to complete their educational goals. Upon completion of their education, student workers are encouraged to apply for positions with the County of Los Angeles and become permanent County employees.

To be eligible for the Student Worker program, students seeking employment must meet and maintain the eligibility criteria that are defined in the minimum requirements of the class specification, Item No. 8242. They are:

- At least 16 years of age
- Currently enrolled in an accredited college, community college or business college; have academic standing equivalent to at least a freshman in college; or currently enrolled as a junior or senior in high school

Work hours shall be determined by the department's appointing authority and the student. The Student Worker classifications are temporary, part-time positions; and the intent of the program is that the students complete their educational goals and adhere to the following:

- Maintain a C average or better
- Maintain full-time status in college or school
- Not work more than eight (8) hours a day
- Work less than forty (40) hours per week

Student Workers are scheduled to work part-time to ensure that they have sufficient time to focus on their educational pursuits. However, based on the needs of the department, hours may be flexible to accommodate work during non-instructional periods and school holidays.

The Student Worker positions shall be filled and compensated on an "hourly as needed" basis.

Work assignments must be consistent with the duties and responsibilities that are outlined in the Student Worker's class specifications. While we encourage the students to gain valuable work experience, they shall not be utilized to perform the duties and responsibilities of a permanent County classification or item.

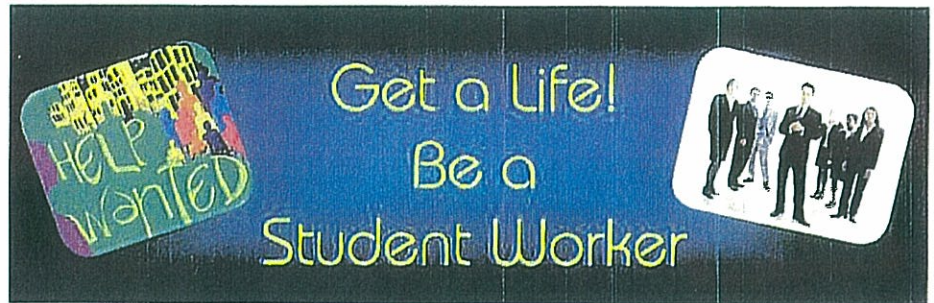

Student Workers' continued employment is contingent upon the needs of the County and their meeting and maintaining the minimum requirements of their respective class specifications.

Student Workers shall be allowed to attend, with pay, new employee orientation, seminars, workshops or training programs designed or coordinated by their Department or the Department of Human Resources.

Employment in any Student Worker classification shall not exceed six (6) years.
